You must consider income from all sources, which includes but is not limited to social security benefits, pensions, salaries, Experience Works, TANF, alimony, unemployment benefits, dividends, interest, net gains from the sale of property, net rental income and net profit from any business, including ranching and farming.
5. 6. Medical expenses actually paid during the year are deductible from income if not compensated for by insurance or otherwise.

7. Your assets may not exceed \$75,000, including the value of any assets gifted or otherwise divested within the last three years, excluding the first unencumbered \$100,000 of market value of your homestead.
8. The homestead credit will reduce the homeowner's taxable value according to the following schedule:
 

If your income is	Taxable value is reduced by	Maximum reduction
\$ 0 - 18,000	100%	\$4,500
18,001 - 20,000	80%	3,600
20,001 - 22,000	60%	2,700
22,001 - 24,000	40%	1,800
24,001 - 26,000	20%	900
9. The property tax credit is subject to adjustment, equalization and abatement in the same manner as other real property assessments.
10. If you believe you are eligible, file an application with your local assessor or county director of tax equalization by February 1 (or as soon thereafter as possible) in the year in which your property is assessed and for which the credit is requested.
11. In the event of the applicant's death, all benefits terminate at the end of the taxable year.
12. No person shall qualify to receive the property tax credit if the homestead is rented while the owner is temporarily absent or the homestead is a farm structure which is exempt from taxation.

## Renter Requirements:

1. You must be 65 years of age or older (unless you are permanently and totally disabled) in the year for which the refund is claimed.
2. For a husband and wife who are living together, only one may apply for the refund. Only the spouse

applying for the refund need be 65 years old or older.

3. Renters must meet the same income requirements as homeowners. There is no asset limitation for renters.
4. No refund may be made to a person who pays rent or fees for any living quarters, including nursing homes, that are exempt from property taxation and for which payment in lieu of property taxes is not made.
5. Heat, water, lights, telephone or furniture costs may not be considered as part of your rent costs. If your landlord pays for these items, you must deduct the cost of these items from your rent when you apply for a refund. If you pay for your utilities and furniture yourself, you may not add the costs of these items to your rent when you apply for the refund.
6. In order for you to receive a refund for part of the rent you pay, your annual rent payments must use up a certain percentage of your income. Here is how the formula works:

When 20% of your annual rent exceeds 4% of your income, you receive a refund for the overpayment of rent. Example: A renter pays \$450 per month in rent (\$5,400 per year), and the renter's income is \$18,000.00.

20% of \$5,400 is \$1,080

4% of \$18,000 is \$720

Because \$1,080 is \$360 greater than \$720, the renter is entitled to a refund of \$360.

7. A refund may not exceed \$400.
8. If you believe you are eligible, file an application with the Office of State Tax Commissioner before June 1 following the year for which the refund is claimed. Extensions of time may be allowed for good cause.
